I would start with the email request from the county executive on October 15 2015. My letter to the mayor in November. Epa news release on don't drink the water in December 2015. If they are asking about the cbi letter that went to hq then use what we have used in the past. thanks

Judith – we're getting a few more inquiries regarding when did EPA first find out about this problem. One comes from CNN. The other is in a letter from a Hoosick Falls resident to the White House, which has been referred to EPA for response. John Martin would like to get back to the CNN reporter by COB today. A few weeks ago, we prepared a desk statement saying the following about this:

## Ex. 5 - Deliberative Process
